## Fashion Tips

Are you on a fashion budget this year? Here are some ideas to look fashionable this winter season.

Pashmina scarves are “Hot” this season and they will keep you warm too! What an inexpensive way to dress up an outfit or that plain winter coat. A Pashmina can also be worn as a shawl.

At consignment shops, you can find great silk scarves or Pashminas as well, at very inexpensive prices!

As you can see by the pictures, there are many ways to tie a scarf. There are videos on the web to show you how as well! So get creative and have fun!

## The top 10 things you will need this fall:

1. Emerald Green: is the shade this season.
2. Thigh-high boots: “The higher the better” is the motto of the year.
3. Lingerie inspired clothing are no longer just for the bedroom.
4. Oversized winter coats. If you are a fan of bulky sweaters, this trend is perfect for you. The roomy silhouette will make layering a breeze.
5. High slits. ‘Tis the season of the thigh, so it’s time to stock up on razors.
6. Plaid. Don’t stash your flannel from last fall, as grunge gets even better this year.
7. Turtlenecks. A trend that is both practical and adorable.
8. Velvet is back.
9. Winter white . Yes you can wear white after Labor Day.
10. Leather. This is one trend that never goes out of style.
